BACKGROUND:

Special Events permits are issued by the Liquor Enforcement Division and a Local Authority to allow qualified non-profit entities to sell, serve or distribute alcohol beverages in connection with fund raising events. Because of their temporary nature, needs and desires (reasonable requirements of the neighborhood) are not considered by the licensing authorities as a condition of issuance. Applications are made directly with the local licensing authority having jurisdictions over the place of the event. Article 48 of Title 12 regulates the issuance of special events permits.

DISCUSSION:

There are three applications for special event permits as reflected above. The applicants have provided all the appropriate materials. A background investigation was conducted on the applicants and the premises have been posted with notice of the public hearing. The event managers will be present to answer questions about the application.

It should be noted that there are two applications for the Salute to U.S.A. submitted by Eagle Valley Humane Society. The current plans are to use the new "fishing pier" as a private location for the event sponsors (application No. 2). And then of course the other application (application No. 1) is to use the soccer field area for the general public. Also attached to the background check report is an incident that occurred with an underage person; as the report indicates it was not known whether or not he person was served alcohol at the park.

Financial Implications: There is local liquor licensing fees associated with the special event permits. The applicants have submitted the appropriate state & local fees.

TOWN MANAGER COMMENTS:
