Dear Council Members,

I applaud the Town of Avon for proposing Resolution 16-33 to protect the civil liberties of all residents. I strongly support Resolution 16-33 and urge each of you to vote in favor of it. During the election, I was a poll watcher in Avon to help prevent any voter intimidation. I was impressed with the significant turn out of young voters and Hispanic voters. Let's send a message that their votes made a difference because they influenced the outcome of the election in Colorado and that their voices have been heard and responded to by our local government.

As always, thank you for your service to our town.

Best regards,
Kristi Ferraro

To the town council:

I and my wife who are proud residents of Avon, Colorado want you to know that we wholeheartedly support Resolution 16-33. We are a community and to enforce immigration laws and that is something that would tear the community apart.

Sincerely yours

Dear Mayor Jennie Fancher and Avon Town Council,

As a local small business owner in Avon I would like to lend my support for the approval of Resolution 16-33. Our local immigrant community is important to the diversity, economic and cultural health of our community. I encourage the Avon Town Council to approve Resolution 16-33 and ensure that that all law abiding Avon residents are afforded the same civil liberties and sense of safety in our community.

Best regards,
Greg Eynon

My wife Jeanne and I have lived in Avon for the last 12 years. I am writing to express our strong disagreement with this resolution. While we know it is well intentioned, we don't think local governments have the right to pick and choose what laws are enforced.

Honorable Mayor Fancher and Avon Town Council-

You are soon to consider Resolution 16-33 before Council which endorses the protection of civil liberties of all citizens. The Resolution seeks to ensure that all citizens are treated equal, regardless of their race, skin color, national or ethnic origin, gender, sexual orientation, mental or physical disability, immigration status, religious or political opinion or activity, or homed or homeless status.

My wife Dr. Amy Roth and I both strongly support the passage of this measure.

On behalf of multiple companies in Avon we strongly support approval of resolution 16-33. Those companies include the Westin Riverfront, East West Partners, East West Destinations properties, and Slifer Smith Frampton with over 800 employees. The Hispanic community is fundamental to our business and we are totally opposed to the proposed actions by the new administration. We will be shortly announcing a series of actions to not only protect our employees and their families but to help them prosper and continue to contribute to our valley. We urge your support.

Dear Avon Council Members,

We are writing to let you know of our strong support of the Civil Liberties Resolution under consideration by the Council. I strongly believe it is important to our community, both its fabric and economy, to let our migrant neighbors here in Avon know that we support their presence and contribution, and that we care about their families and their stability. Please help migrants feel welcome in Avon, as we would want to be welcomed if our circumstances were different and we sought a better life for those we loved.
