

**Question 54 - Please provide any comments, suggestions or questions regarding Harry A. Nottingham Park**

*Summary:*

*The Town of Avon received 246 responses to Question 54. Common themes were:*

- *More public restrooms*
- *Skate park*
- *Lack of parking/restrictions on street parking*

Create a maximum number of people on the lake, charge tourists to use it.
Often smells of sewage on the south side path by the treatment center. I assume that smell will disappear when construction ends. If not any further investment in the park is a waste, no one wants to hang out in poo scented air.
Bathrooms are a must near the beach area. I also think expanding the beach and adding concession options would be great for the space and community. A skatepark somewhere in Avon would be a huge addition!
I think the Beach has been a huge success. It could be expanded to accommodate more people. There needs to be more parking in that area and I am all FOR PARKING ON WEST BEAVER CREEK BLVD. It is an extremely short season and, in the absence of a larger parking lot, parking should be allowed on the street. I have dropped kids off on the street there and also parked on the street. Put in a painted cross walk and a sign that says "Stop for Pedestrians".
NO PARKING ON WEST BEAVER CREEK BLVD.
I do not use it but am glad it is there.
Great amenity- use frequently in the summer to swim and relax. Limit number of events that restrict usage
I strongly believe open container should be allowed in Nottingham.
move the boat rental to the south side, actively discourage the geese, bathrooms are a must, put on more low key events.
Please consider bringing back the disc golf course. If the holes were slightly adjusted, the homeowners/pedestrians wouldn't get frustrated and it would help spread people out around the entire park.
Allow for a bar or something fun. Open container was great!
Unfortunately, after a few negative experiences at Nottingham this past summer, we chose not to use the beach/park areas. Foul language, inappropriate behavior, lack of clothing & overcrowded. We have enjoyed the new park, paddle boarding & peace/quiet while relaxing during the week at the Nottingham area in the past. I hope to return to that in the future. Thank you
We love it! No Porta Potties please! Need to build real ones.

I thought the ice skating was great to bring back but the lighting needs to be worked on as it was left on overnight sometimes and it was aimed directly at my house lighting it up like a fishbowl. Also, couldn't see the fireworks in beaver creek as usual since it polluted our dark night sky with light
The boats should be moved to where the docks are & dog on leash policy strictly enforced
Continuing the open container or in designated areas would be nice or within reasonable hours (not too late). I enjoyed spending time after work with friends and kids and had a glass of wine which was great. Never experienced people abusing it.
We love Nottingham but the parking and the bathrooms need improvements due to the increased attendance. Please don't just remove the parking on West Beaver Creek Blvd without another alternative (and no, parking at the rec center is NOT sufficient because there is no enough of it).
Super crowded this summer with unsupervised preteen and teen kids. Hopefully, that will decrease now that the pandemic is coming to an end.
The youth and the young at heart deserve a well designed concrete skate park in Nottingham park.
beautiful gardens would be a very welcome upgrade, too!
Great park, beautiful area. Worried how I will paddle board there as parking along street has been taken away.
I think there are a lot of opportunities for outdoor dining whether it be food trucks or local restaurants having "pop up" venues near the stage.
Take up the tree branches 10 feet off the ground around the north side of the lake/beach area to limit public urination and nudity. It is ashame the public cannot act appropriately when using a public park. Move the cargo box...it is an eyesore. We brought the property for the view of the lake and for the last several years, all we look at is the cargo container. Camflouging the cargo box is not a solution either. Ugly. I want to look at the lake not a box. Why is the vendor valued over the taxpaying homeowners? How much money does the town get to keep from the vendor's business. Conflict of interest? Move the box!!!! Lindsay gets it! I do not think last year's summer usage was an anomaly. Each year, the usage of the park has increased. It is great to see people using the park, but what are the costs vs. benefit.
Control the public Marijuana use in the park. Bigger issue than open containers.
more portable bathrooms if anything. handicap size so people are able to change clothes
It's completely lame to give out tickets for letting your dog swim. Make more reasonable dog hours off leash.
Would like to see more benches around the park
I would like to see the stage used more
Beer garden!
More summer music
Dogs and lease laws need to be monitored. The police could do this from bicycles.
add more parking options or move some of the activities away from the north side of the park since you took away street parking.
Parking on the north side of the lake for beach users. The current proposal does not seem to be thought out and pushing the users to the south lot will just make it harder for locals to be able to utilize the lake as these seems to be where most of us parked.
Best part of living in Avon.
Water park on east part
more volley ball courts
Mejor el estacionamiento para visitantes

It would be nice to have a Farmer's Market of our own. It would be nice to have a fenced in dog park with a water area for the dogs to play in similar to Fort Collins Horsetooth Reservoir park.
Absolutely expand the beach & lake. The best thing is Colorado stand up paddle board company at the beach. Allow food carts near the parking, bring back north parking area, expand on actual beach and more sand volleyball
Control animals at West end living in tunnels they are spreading rapidly & causing erosion
I think it's great as is. The restroom near the playground should be enough. Perhaps people just don't know it's there? So add signage? Perhaps build one near where the construction is on those buildings now on the north side of Nottingham lake where the swing is and where the other port-o-potty used to be.
Add a wave pool in the center of the lake please. <a href="https://www.youtube.com/watch?v=3eCmfaxljjc">https://www.youtube.com/watch?v=3eCmfaxljjc</a>
A great experience!
Bathrooms
I loved the disc golf but understand they needed to go for safety. I would have tried to put them in the Wildridge open space if possible.
More parking!
Great park overall
More recycling containers
I think the concert syage is being underutilized.
I love seeing all the activity at the park. Seeing everyone enjoying the park. Parking/access is an issue. But without putting a large parking area, give us back the parking on the road. You made the park great, don't restrict us when we want to use it.
It seems like all the park money gets spent here, instead of the pocket parks
It was great to be able to enjoy a cocktail at the park last summer, as well as help local businesses by permitting to-go alcoholic beverages not just at the park, but along the art walk and pathways (i.e. between Bob's and the park).
Have not been to the park in since pandemic
It's great to have the lake open to various uses, but those uses should be in designated areas, with other shoreline space dedicated to habitat.
Need more parking
Keep the rif raf out
Open container
Parking along road isn't dangerous
more year round semi-permanent food trucks like Rocky taco.
Bathrooms!!!!!!!!!!!!!! And a bigger sand beach
Another swing! (The adult kind) Everyone loves them
I wish there were a way to provide more regular swimming opportunities in the lake, for triathletes.
There is a need to have an off leash dog area throughout the day ( not just before 9am)
The open container change was welcomed and helps get more local people out using the space. Events in this space should prioritize community engagement more and less strict rules which make it not fun. Support your local valley businesses during events instead of large brand name beers etc
Dog waste needs to go to a specified dog waste container. Those mixed garbage containers are disgusting with the smell of feces. It takes 5 minutes to recover from the horrid scent.

People need to understand that they cannot take up the whole width of the path. Motorized skateboards, bikes et al should not be allowed.
Build a skatepark
Parking and getting to the beach is a problem.
The concerts are a nightmare. The music can be heard for miles away, ruining the limited summer nights we have. I can't imagine that businesses feel they add to their revenues.
Please consider an actual solution to allow people to park and enjoy the beach. Considering parking enhancements only to take away what parking there was was confusing and frustrating. This is a gem, one of the best places to gather in eagle county. There is already a parking issue anytime there is an event. A parking shortage strains local businesses and restaurants who then see their parking taken up. Please be thoughtful about an actual solution on W. BC Blvd.
A wonderful park....continue to make it even better!
Bring back much more parking closer to old boat dock, best place to Launch paddle board!! near construction of old town hall and log cabin, Nottingham has fare more scheduled activities such as lake side concerts but fare reduces parking!!!!!! I suggest boat launch parking even with some type of pass holder from town of avon, two hour parting is not monitored, people use 2 hour parking to come drink all day lake front. far to much intoxication in park. could police please monitor the heavy drinking close to fishing pier?!
Expanded time for dog area play time in lake. More parking - the lake of parking is starting to become an issue at Beaver Creek West.
Special events held at the park should allow for more parking. The Avon Municipal parking lot should be available for kayak, and SUP drop off at least
Why is the municipal building parking lot closed during the summer sunday concert series? You host and encourage us to use the water and 20+ people with watercrafts had to park at the rec center and haul everything to the dock ramp.
I use the park/lake multiple times per day. Love it. You could do a better job of landscaping, yard maintenance, etc. The grass is way too dry, straw-like and dying. The biggest improvement you could make is to exterminate and rid the park of all of the damn ground squirrels. They are a menace and they need to be exterminated... not managed, not moved, not mitigated, but killed off by any means necessary. Death to the Richardson squirrels!
Parking is terrible and needs serious help!
The concerts and events in the park are great but there should be better communication regarding all of the activities. Perhaps a specific calendar or section in the Vail Daily.
Great job
Pleas allow us to swim freely in the lake. The designated area is not enough. Also please consider an off lease police for dogs that can prove they are well behaved (similar to Boulder's green tag program)
Great Community amenity would like to see live music come back for summer 2021
Keep working on it to always make it better.
We often avoid the park knowing how busy it may be
More doggie poop bags and cans. We always see dog pools not picked up by owners.
I rarely get to enjoy the Nottingham Park or beach because of parking. If there was a bus service to Wildridge I would utilize the facilities.
Year round toilets !!!!!11
Tough call to serve variety of users/age groups and also be an economic driver of larger events. It would be hard to "live," at Redrocks. I realize tourism is the top regional economic driver. Sometimes difficult to balance with quality of life. Sound volume always hard to get

right. It is the one item that invades privacy in homes. You can close the curtains, but it doesn't stop the sound. Maybe some "artful," sound / acoustic directing wall structures?
Top priority- tennis court and pickle ball resurfacing. At least you could put in new net straps, ball curtains between courts and fill the cracks!!!
More bands and general shows.
More information about the facilities at the park need to be available at the library, post office, groceries and other businesses in Avon.
Keep the casual music and entertainment options coming!
Don't overbuild this area. Keep it simple. Make minor infrastructure support changes with restrooms somewhere and safer parking near the beach. Keep it a recreation park not an amusement park.
If the town is going to put up no parking signs in West BC Blvd then those rules need to be enforced
I love the park but the beach area does get very crowded
I don't feel that there should be grills at all, (and smoking should be under advisory of restriction based on safety.) This sends a very mixed message to guests, who sometimes are not local and do not always understand fire restrictions. I have heard of people attempting or requesting to use grills when the county is under Red Flag Warning. Perhaps at the very least we could have signage that explains our drought and fire restrictions and what a Red Flag Warning means.
no more parking on west beaver creek blvd please
FREE PARKING STREET PARKING A MUST !!! RETURN TO LAST YEARS FORMAT AND EXPAND !!
I like Nottingham Park, but the grass is worn out in the high traffic areas.
Surprised to see the softball field go away.
Restrooms closed early, by the park and our friend's daughter pooped her pants while standing BG the locked bathroom door. It was sad and very unpleasant. It seemed odd that at 7pm, sun still up and lots of families at the park, that she couldn't used the restroom.
Take steps to ensure park isn't degraded due to overuse, including investments and upgrades in maintenance and bathroom facilities. Do not expand parking - park use is already at capacity. Finish demo of old town hall and expand green space/passive rec/picnic area; build bathrooms and modest facilities to support events. Make better use of log cabin; Create and maintain xeriscape demonstration/education gardens Manage ground squirrel and thistle.
Es un lugar super limpio muy cuidado y excelente para caminar y hacer ejercicio.....me encanta!
Not a skater, never been a skater. But Nottingham screams for a skate park!!!
Beach needs a top off on sand. Getting thin. Some trees along the south path near old fence line. Interfrate city hall site into park for special events. Maybe repurpose soccer field into tiers for events. Concert viewing
Bathrooms needed to stop public urination under the trees. Remove the lower branches to stop this behavior.
Improvements must continue to be made to keep up with the park's growing popularity.
it's great
cheaper paddle board rentals
To many people smoking. parks need parking and bathrooms!

Keep improving the park incrementally. It is Avon's most valuable asset.
Bring back the disc golf course. Put in an actual fenced dog area.
I'm shocked that there was little or no consideration for required parking. No private developer would be allowed to get away with this. It's an abuse of power.
Needs to be more family friendly in regards to access/parking/facilities/shade
Parking near beach for families. It's not an option to drop kids and park. To haul all the beach gear to the beach when you have babies is close to impossible. It has caused us to hardly use the beach this summer. We have been very disappointed.
Parking needs to be addressed, it has been an issue
most of the time is full of dog poop, you have to watch where you are stepping or sitting. Is unbelievable in winter. Owners need to pay fines for not pick up after their dogs or for having them without a leash.
Overall an excellent space, just overcrowded sometimes. Additional restrooms and trash/recycling would be beneficial. Also, maybe options for area food trucks to set up space during lunch hours.
Lack of enforcing dog control is a huge problem.
Love that place
Nice area
We need to have trash patrol earlier in the morning, when I go there around seven 8 AM there's trash everywhere especially at the volleyball beach area. Need to hire a crew that goes in early in the morning 5 AM and picks up trash
Resume parking on west Beaver creek blvd
Nottingham Park is my favorite place in the world. The lake, walking path, and stage are my church.
It doesn't have the fun family feel anymore like it used to. Too many groups that just hang out and become bothersome.
A great community asset
Open swim on more than one evening per week
Expand the swimming area. Put some beach on the side by the amphitheater. Have more shade
The huge stage is an eyesore and I preferred the park before they built it. It was a big waste of taxpayer money and overpriced.
Slow bikes, skateboards, etc down! A child or dog on leash even is going to get hurt by the speed of them flying around the path
Love the concerts
Prairie dog/ground squirrel eradication
Keep on improving and tweaking as you receive feedback. Nice job balancing events and quiet time. This one of Avon's greatest assets.
I love the park, but real bathrooms should be the focus first.
I haven't lived here long enough to have an informed opinion.
Need restrooms but I don't know where it would be best to put them.
More gardens
Park is one of our most valuable amenities
Parking is hard. Carrying a SUP from the post office area is inconvenient. Especially due to the Loss of town hall and West BC Blvd parking at the same time
The park is fantastic unless you have to go to the bathroom. And the portable toilets are an eyesore to an otherwise beautiful scene. They need to go.

Love this space, just wish it was easier to get to in a parking standpoint
More parking!!!
The fisherman can get a little testy when a paddle boarder or kayaker gets too close. They need to be able to share the lake calmly as it is a small and very limited space.
Love this park, please don't change too much
Nottingham Park is the Jewel of Avon. I am always happy to see how heavily it is used by all Avon residences. I think that town sponsored events (concerts) should be more dog friendly.
This is among Avon's greatest assets and Nottingham Park is well maintained, offers balanced activities, and is well attended.
The new "sand" this year gets much too hot. Kids feet are burning and it is difficult to play volleyball. Bathrooms are VERY much needed.
More parking, more bathrooms
Love the park!! This is such a wonderful asset to Avon.
Bring back disc golf
Park is amazing. Could use some specific areas designated for activities and learning. Love the sound stage
Read the last comment no bathrooms by the owners homes your a freak fuck your bullshit your worse than nancy polosi
Bathrooms near the beach and more parking is needed the most.
Needs to stay kid friendly. Too many drunk people and the police officers on duty do not do anything about it. Also, dogs not on leashes. My kid was bit at the park from a dog not being on a leash
West Beaver Creek Blvd. is too busy to allow parking for park access! I am VERY pleased the town is no longer allowing people to park on that street. It was unsafe for people to be parking & running across the street to the park. It was also scary driving down W. Beaver Creek Blvd. with people dodging traffic, opening car doors and pulling in and out of traffic.
I frequently use the volleyball courts; I would love to see a competitive rec league at the courts eventually! More signage/monitoring jumping from the stage/dock areas into the lake. Lots of teens jumping from the cement pillars on the back of the stage.
Just keep what we have now and improve on it!!!! Water more and clean and weed more!!!!
Please bring back street parking at the beach! Beach needs real bathrooms. A Tiki Bar would be really fun at the beach. Playground restroom need to be open year round.
Add LOTS of permanent restrooms
Love the place. Additional trees would be valued. More picnic areas would too.
Dogs need to be monitored as they are often not on leashes & not confined to dog areas
The parking on Beaver Creek Blvd was just fine and absolutely needed! If it was a danger then signs should have been put up but removing it was a terrible idea. If you put in actual parking spaces...you should try to match the original number and not aim for less spaces. The park needs more parking, especially on the beach side! Carrying a heavy cooler and picnic supplies from the Library to the beach in multiple trips because there is no parking is discouraging to even use the park at that point.
Public access to paddle boards and kayaks
Dog park!
Please put in more new sand, kind of turning into dirt.
Allow Dogs in the lake and accommodate more dog friendly policies.
Kids love amenity

Being back open container please.
Please build a skatepark
I really enjoyed the open container change. I have yet to see any belligerent behavior. In the past, it seemed like police were overly diligent and it became an annoyance when a bike cop was riding by surveying you every 20 minutes. I think ticketing people after an incident has occurred is a better system than making everyone feel like they are being held under a microscope while they try and relax.
I would love to see additional events during the weekends. It seems like most of the free events (movie nights, concerts, etc.) occur during the weekdays.
It's splendid
Improve pickle ball and tennis courts
The stage is an eyesore and a ridiculous waste of money.
Easier and more parking options need to be addressed.
Utilize the stage. Sometimes it feels like it's just sitting there with no acts.
Again the amphitheater is in a bad place, such a waste of money. Never used and blocks the lake view. When it is used the sun is in the eyes of the audience. It should be built facing north or south on that field.
Spend it all on this park. It is the best thing we have. parking sucks and super far from the popular beach area.
Building more restrooms and creating more parking are the worst ideas. The lake water is already so filthy and the park is already way over crowded on the weekends not allowing locals to enjoy our community in peace. Instead the focus should be on maintaining & preserving the park vs destroying it.
Open container is completely unnecessary. There are many people using marijuana and over consuming alcohol
In the beach area- additional education and enforcement would be helpful.
If it gets overdeveloped, it won't be enjoyable for anyone.
Need parking! Allow parking on west beaver creek blvd(except winter for plowing). It was just stupid you took it away. The events are at park, but no one can park to get to them. We need real bathrooms and parking !! No more portable toilets at events. And stop telling everyone to take public transportation to park. It doesn't go to the park? We need parking How about a very big underground parking venue and auditorium where the old town hall was just knocked down, not just more park. We have a big park that is underused because no one can get there! <b>WE NEED MORE FREE PARKING! AND PARKING NEAR THE BEACH !!!OPEN THE ROAD BACK UP.</b>
I do feel we need additional parking for the beach and park in general
Tennis, please! Full service restrooms are needed desperately.
More parking closer to the volleyball courts
I do not like people parking on West Beaver Creek Blvd. It's too dangerous. I'm glad you are not allowing that. People need to find somewhere else to park than West Beaver Creek Blvd.
The newly proposed rec area being constructed (old town office) should consider putting as much storage and restrooms below ground to maximize viewing, picnic, and seating that allows for stage viewing as well as viewing and enjoying views of Beaver Creek. I would also encourage bike parking over car parking in this area which would be helpful to alleviate congestion after major events at n the park.

<p>bmX bike dirt track</p>
<p>Bring more world class entertainers and festivals.</p>
<p>I have only been there once or twice over six years.</p>
<p>Put a nice restaurant with a rooftop deck and some small commercial spaces where Muni building was, and tear down the old fire station. This would really tie the area in and make it a family destination. Utilize underground parking or try and utilize the open space that exists along the train tracks for the parking issues.</p>
<p>Would love a restaurant by the music venue</p>
<p>More safety. Including cameras and security.</p>
<p>The park has become a nice gathering place and a great venue for special events.</p>
<p>I am so glad Town Council decided to discontinue parallel parking along W. Beaver Creek Blvd.; that was absolutely terrifying. The flower gardens along the backside of the old town hall and police station have fallen by the wayside; that could be a fun community volunteer project to fix them up.</p>
<p>Stage is under utilized</p>
<p>The beach area has been not so family friendly due to people rage partying and too much weed in the air!</p>
<p>We are generally concerned about the overuse of the park. The lake is not that large and the numbers of visitors is quite high. We are very happy with the elimination of parking on West Beaver Creek Blvd. This year when the parking was eliminated the trespassing has stopped. When parking was allowed the number of trespassers was ridiculous. We had rude groups of individuals constantly cutting through the Buck Creek COndos at all hours - many drunk and disorderly. Also, when people were crossing West Beaver Creek Blvd it was very unsafe. The road now allows for the use of the bike paths and the trespassing is eliminated. Thank you for making this necessary change.</p>
<p>I rarely go to the park anymore. It used to be such a nice space to go and sit and read. Today, of course, it has been ruined with too many people; too many events. The worst thing about the park is the loud and intrusive noise/music in the summer. Turn. Down. The. Sound. Stop forcing every Avon resident and guest to listen to the concerts. The sound is so loud that it pounds our homes/apartments for hours on end. Sometimes the sound can be heard as far east as Walmart. More people would willing to attend the concerts if the sound was reasonable - and sane. The louder the sound - the less people want to attend. Stop trying to make Avon - Telluride. Telluride has the loudest concerts in the state. The residents are now rising up and demanding laws be enacted regarding sound that destroys quality-of-life.</p>
<p>Event restrooms should be locked/unavailable to general public, and only available during an event/s.</p>
<p>The swing zipline at the playground needed oil and was not working well last weekend . The playground could use some shade.</p>
<p>We need a dog park</p>
<p>honestly, i have lived here for over 30 years and have never used the park/lake.</p>
<p>Wider paths or bike only paths separate from the walking paths.</p>
<p>Board rentals should be relocated to cabin or at least minimized in size so less of an impact on the beach, why do the rentals get permission to take the entire west side of the swim area for their boards and boats, this is not beach user friendly and others should be able to use this area as well</p>
<p>Support additional permanent restrooms 1-2 places around the park</p>
<p>The canned beverages are dismal</p>

Any additional park areas for the town of Avon would be wonderful. All the new landscaping around the tennis, pickle ball, basketball & bus stop areas is lovely. Nice job!!
Parking and loading unloading is a nightmare. I live right next to the current parking lot. Parking was removed on Beaver Creek Blvd [ good it was a zoo] but replaced with nothing, so library & rec center parking is now always full. No one in their right mind is going to bring their picnic and paddleboard stuff on a bus so public transportation is not the answer
Well this spring and last spring thaw there were a lot of dead rainbow trout floating on the lake i call parks and Wildlife to investigate
Some things for tweens and teens would be great. They could use outdoor ping pong or cornhole. An improved sledding hill would be awesome!
Please no consuming drug allowed. Like has ben happened.
im not sure what the restroom ordeal is...didn't we just redo the restrooms a couple years ago? I think that is enough...no need for restrooms on every corner.
We walk to events, but they might be better attended with better parking options.
Please provide parking in old municipal building area again
Best park ever (playground)
Better sand!
The stand up paddle board business on the beach is full of rude employees that treat the locals and visitors like trash. If people want to paddle board they should rent and bring to the beach and not be forced to only use one company that has no customer service and seems entitled to that beach. The lake is littered with people on rented boards and there is no room for the people that own a board to walk up.
There are often people with dogs off leash at Nottingham Park, regardless of the fact that that is not allowed. It would be nice to have a dedicated fenced in dog park area for those that want to have their dogs off leash.
More hours on the dog park. All day dog park.
Great Recycling options in new rubbish containers!! Make a skate park/ pump track by <b>EVERGREEN SKATE PARKS</b>
fence in dog area that leads to the lake so they can swim
When are the pickleball courts going to open?
Crazy suggestion but build up the ground level in front of the main stage. Kinda like the Ford Amphitheatre. Probobly not feasible but what the heck.
I think Town Council should really reconsider parking along Benchmark (?) that was denied this Spring. While I can see why residents were upset I think a dedicated and even fenced path from the street to the beach could be done. This parking could also be incorporated with a coordinated bus route in Winter for ski traffic. I think Avon should take over the paddleboard business (is the current vendor located in Avon). It seems like Avon is taking over other areas in the park for added revenue resource, maybe they should consider this too. Utilize the existing cabin (with some remodeling) to provide food/beverages like in years past. Again Avon is not utilizing a possible revenue resource.
Please continuing upgrading the experience
Real assescible handicap parking near venue for events.
More parking NOT on W BC Blvd. What happened to the grills??? More opportunities for hand washing.
bring in more events like art shows, etc...
I was never there when it was super busy so not sure how busy it got.
End the fireworks show permanently.

It would be great to get some major events again similar to "Cover Rock"
I don't use the park much, but believe it is a great place for others to enjoy park and water activities. It seems like a great resource and attraction for the community.
More concerts.
More use of the stage for big name concerts.
Way to much music, need a break from that. If you live near the Lake, it's unbearable !
Rubber flooring instead of mulch in the playground. Those things can be sharp.
An off leash dog area would be great...I am thrilled that you got rid of the parking on West beaver creek blvd. It was really dangerous and inconvenient for traffic flow
Full services restrooms near docks
Beach bathrooms!
Lack of parking is the biggest problem.
Increased trash pickup on the weekends. It gets bad! We really need a off leash dog area in the park, where local pet owners can legally play fetch with their dogs. Thank you for the portapotties, but we could always use more bathroom opportunities!
